### Highlights of the Workshop :

By the end of this workshop, participants will be able to:

- Formulate context-specific research questions using structured frameworks, with AI-assisted refinement.
- Select appropriate study designs and estimate sample sizes, and construct digital data collection tools.
- Develop objective-based analysis plans, integrating AI outline support with manual validation.
- Enhance scientific writing, referencing, and research integrity, with AI demonstrated for editing and citation tasks.
- Appraise journal suitability and avoid predatory outlets, using journal selection tools and editorial insights, supported by AI screening.

**GMC CREDIT  
POINTS APPLIED**
